Rencol offers the following workshops, in association with **Beacon South West**

DEVELOPMENT PROGRAMMES FOR YOU AND YOUR EMPLOYEES

- Why our programme is different -

These sessions are part of Rencol's ongoing commitment to creating a learning culture - they have been developed internally to be relevant to supervisory and management staff in an SME environment. The trainers are experienced staff from within the organisation - they work with these issues every day. This program has made a difference to Rencol, it can make a difference to your staff and your company. You get a chance to visit an award winning company where the training is put into practice.
