

Giles Henschel MD Olives Et Al

Olives Et Al is a remarkable business built upon a passion for simple, authentic food.

Established in 1992 after Annie and Giles Henschel spent a year travelling on motorbikes through the Mediterranean, Middle East and North Africa to bring the foods they discovered on the trip to the mouths of Britain and beyond.

Deciding to recreate rather than import they searched for the best raw ingredients with the aim of sharing quality olives with a wider audience. Since then, the company has expanded rapidly. It now employs 30 oliveers, supplies some 1500 outlets as well as over 12,000 mail order customers and has an annual turnover of £3.5m.

Olives Et Al has diversified its product range to include olive oil, sauces, snacks and nuts. It is innovative, fresh and approaches everything it does with a zeal that borders on the fanatic. Underpinning all that the company does is a love for simple, authentic food combined with the desire to provide the customer with remarkable products and service.
